Jürgen Roshido Wollborn is a Zen Master, former entrepreneur and Conscious Leadership Mentor - and one of a select few who has fully integrated his spiritual practice with his life of leadership as an entrepreneur - building a successful company that he later sold and exited.

For thirty years he led a landscape architecture firm in Germany that attracted many big name clients; won prestigious awards; and simultaneously trained in Rinzai Zen, Soto Zen, Advaita Vedanta; and mastered the complete Jhana meditation path. Jürgen's Satori was confirmed by three international Zen Masters and he was Authorised as Zen Master Roshido in Rinzai, Soto and Advaita by Master G. Chinrei Pilet Roshi, Association Zen Internationale.

Jürgen now dedicates his time to sharing his presence, energy, knowledge and experience with other entrepreneurs dissolving inner bottlenecks so as to lead with inner clarity, presence and vitality.

Entrepreneurship and consciousness are not a contradiction - they are two sides of the same reality.
